

ABDUL HADI MUZAFFAR NARATIUS

TECHNICAL EXECUTIVE (DEVELOPMENT)

Address: Seri Maya Condo, Jalan Jelatek, Kuala Lumpur

Email: hadimuzaffar@yahoo.com

Mobile. No: +6011-28079613

Linked In: <https://www.linkedin.com/in/hadimuzaffar/>

GitHub: <https://github.com/fateh97>

A self-motivated and dedicated web developer who specializes in web design and clean code.

Throughout my 4 years experience, I design mockup interfaces, optimise performance and implement effective content based on user's needs. I am a concise communicator and critical thinker who collaborates with clients to bring features and improvements to life. I am also a great team player who collaborates well with other team members to achieve professional excellence and dynamic outcomes.

WORK EXPERIENCES

TECHNICAL EXECUTIVE (DEVELOPMENT)

Prisma Khas Sdn Bhd

November 2019 - Present

- Create highly responsive and scalable web application for use in different clients' needs using PHP framework (CodeIgniter).
- Create accessible web front-end user interface for new or existing database with combination PHP framework (CodeIgniter), JavaScript and SQL.
- Design, test, and debug applications from system development to full system production.
- Create and perform database file backups to client's local directory for recovery purposes.
- Conduct an in-person training for end-users.
- Research latest website applications to keep up with trends and latest technology.
- Support scrum team in reviewing change request and helped intern and junior developers with technical tasks.
- Troubleshoot programming issues and provided help desk support to clients experiencing technical problems.
- Complete training programs to learn new coding languages and application developments.
- Conduct training on software forensics (i2 ANB and i2 iBase) for end users.
- Conduct an installation of IIS, Windows SQL Server and SQL Server Management Studio on client's servers.
- Conduct testing session (UAT, PAT and FAT) with end users before releasing a full production of system.
- Participated in Connected i2 User and Training Conference held in London, England.

WEB DEVELOPER (INTERN)

Swisslink Communication Sdn Bhd
March 2019 - May 2019

- Created site layout and user interface using HTML, CSS and PHP practices for company’s project using PHP framework (Laravel).
- Collaborated with team to implement design changes, new UI components and new functionality.
- Adapted websites to match changing user preferences and client demands with regular updates.
